

## Star Wars Art: Concept (Hardback)

Filesize: 2.02 MB

### **Reviews**

*An extremely awesome publication with lucid and perfect explanations. It is actually written in basic phrases rather than confusing. You will like how the writer publishes this book.*

*(Melody Jakubowski)*

Abrams, United States, 2013. Hardback. Condition: New. Language: English . Brand New Book. From Ralph McQuarrie and Joe Johnston to Doug Chiang, Ryan Church, Iain McCaig, Erik Tiemens, and the next generation of animation and video-game artists, *Star Wars Art: Concept* collects, for the first time ever, the very best of Star Wars conceptual artwork. As curated by George Lucas, the artwork that helped bring the Star Wars Saga to life is revealed in all its glory, featuring conceptual and pre-production drawings and paintings from the Original Trilogy, the Prequel Trilogy, TV shows (Droids, Ewoks, *Star Wars: The Clone Wars*, *Detours*) and the most recent video games, such as *1313*. Spanning the years 1975 to present, *Star Wars Art: Concept* is a fascinating look at the highly specialised art of conceptual design, the process of taking verbal thought forms and turning them into visual masterpieces. From pen and paint and paper to the digital realm, the consistent result is the creation of breathtaking iconic worlds, vistas, vehicles and characters that have been seen before--and which successive generations of the public have embraced and made their own. *Star Wars Art: Concept* is a book unlike any other--and which could only be brought to you by the creator of the most enduring and popular saga of our time.
