ON NEURAL NETWORK ALGORITHMS FOR SOLVING NON- LINEAR PROBLEMS

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Optimizations and Non-linear programming | First we describe, analyze and present the theoretical derivations and the source codes for several (modified and well-known) non-linear Neural Network algorithms based on the unconstrained optimization theory and applied to supervised training networks. In addition to the indication of the relative efficiency of these algorithms in an application, we analyze their main characteristics and present the MATLAB source codes. Algorithms of this part depend on some...
