

Me and the Biospheres: A Memoir by the Inventor of Biosphere 2 (Paperback)

By John Allen

Synergetic Press Inc., U.S., United States, 2009. Paperback. Condition: New. New.. Language: English . Brand New Book. Synergetic Press is proud to announce the long-awaited release of Me and the Biospheres: A Memoir by the Inventor of Biosphere 2, the definitive autobiography of one of the most luminous minds of our time. Accomplished poet, philosopher, inventor and total systems scientist, John Allen is a charming and engaging guide to how the world's largest laboratory for global ecology ever built came to be. Anyone suffering from the Global Warming Blues will cherish this uplifting account of the most ambitious environmental experiment ever undertaken. Biosphere 2, a world under glass, covered three acres of Arizona desert. Contained within a magnificently designed air-tight, sealed glass and steel framed architectural setting were models of seven biomes: an ocean with coral reef, marsh, rainforest, savannah, desert, farm and a micro-city. Eight people lived inside this structure for two years (1991-1993) setting world records in human life support, monitoring their impact on the environment, while providing crucial data for future manned missions into outer space. John Allen prepared for the manifestation of Biosphere 2 by assembling many smaller projects: the creation of a ferro-cement hulled ship...

Reviews

Just no phrases to describe. It typically does not price an excessive amount of. It is extremely difficult to leave it before concluding, once you begin to read the book.
