Susan Zimmermann talked with forty women about perhaps one of the most sensitive issues of body image and health - their breasts, the chief attribute of femininity. In the aftermath of the early 1990s controversy over the use of silicone breast implants, how do women decide to undergo surgery o enhance or reconstruct their bodies? How does surgery alter a woman s self-image? How did they face the possibility of debilitating autoimmune disease from rupturing or leaking implants? Some opted for breast implants after mastectomies, others for cosmetic reasons. Some felt empowered by the surgery: u0022Being a woman, I just like breasts and felt like I got ripped off. . I did it for myself. u0022 Others were pressured by their husbands: u0022He used to make fun of parts of my body. . And, he made me believe that if I was ever to leave him, no one would have anything to do with me because I was this deformed type of person. u0022...
