

Forces and Motion (Mind Webs)

By ANNA CLAYBOURNE

Condition: New. NEW COPY Help science make sense with Mind Webs! Twelve beautifully illustrated webs show how science concepts work in a truly fascinating way. Mind webs, also known as spidergrams or mind maps, are great for learning about the science of forces and motion. Find out about friction, gravity, resistance, balanced and unbalanced forces, floating and upthrust, pressure and about Newton's Laws of Motion. With more than 200 illustrations showing how forces and motion work, this series is perfect for visual learners. The Mind Webs series is a great revision tool for students at Key Stage 2, and excellent for gaining a clearer understanding of how science works.
