It is just one of the best publications. This can be for anyone who states that there was not a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Throughout the mock-up testing phases of a project that Morpheus is involved in he displays an in your face consulting and project management style. This style is very unnerving and annoys most of the corporate under achievers which Morpheus comes in contact with. When Morpheus is given the reigns to come into an organization and turn it upside down to find the missing money everyone feels uneasy. Morpheus Cash Blitz turns simple ideas into rational solutions, and he also turns lengthy and complex selling cycles into liquid cash. There s trouble at Xero Trouble Gear, an aging Fortune 1000 company which has not been producing anything of value lately. Morpheus is reluctant to take on XTG as a client, simply for the fact that XTG has had a recent string of unbreakable failures. XTG must get a touch of the Morpheus Cash Blitz magic, or it may be lights out for XTG for good.
