Brand New Book ***** Print on Demand *****.Christoph Paul guides you through the virtual jungle of Twitter, Social Media marketing, and networking, with wry wit and no holds barred honesty. Social Media skills are a necessary evil of the modern age, but that is no reason that it should be a soul crushing and depressing experience to get on Twitter and hustle your book, artwork, website, or whatever else you are trying to promote. Once you are done reading this book you will see Social Media with brand new eyes. This is the Matrix unveiled and decoded for the creative personality. If you are an artist, small business owner, or promoter who wants to succeed at your chosen passion but hates the hassle of Social Media, this is the book for you. The brutal truth is that we live in an age of proactive self-promotion with being f #king annoying doing it. Everybody needs to hustle and learn to sell themselves and sell their art if they want to survive in an increasingly flooded and competitive online marketplace. It can seem daunting, frustrating, and confusing, but in this book, Paul walks you through, step by step, down the path that you will need to take in order to begin building a solid fan base and successfully sell your art via Social Media platforms.
