Stanford University Press, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. Early one morning in 1996, the sanctuary of a Parisian church was suddenly disrupted by a police raid. A group of undocumented immigrant families had taken refuge in the church under threat of deportation due to the French state s increasingly restrictive immigration policies. Rather than disperse and hide, these sans-papiers-people literally without papers- came together to bring to light the deep contradictions in the French state s immigration policies and practices. Reinventing the Republic chronicles the struggle of the sans-papiers to become rights-bearing citizens, and links different social movements to reveal the many ways in which concepts of citizenship and nationality intersect with debates over gender, sexuality, and immigration. Drawing on in-depth interviews and a variety of texts, this disquieting book provides new insights into how exclusion and discrimination operate and influence each other in the world today.
