## THE SHAMANIC PATH TO QUANTUM CONSCIOUSNESS: THE EIGHT CIRCUITS OF CREATIVE POWER

DOWNLOAD

Inner Traditions Bear and Company. Paperback. Book Condition: new. BRAND NEW, The Shamanic Path to Quantum Consciousness: The Eight Circuits of Creative Power, Laurent Huguelit, First outlined by Timothy Leary and later expanded by Robert Anton Wilson and Antero Alli, the eight-circuit model of consciousness explains how the soul is multidimensional and functions on eight distinct interconnected planes that form the eight circuits of conscious awareness. Each circuit is connected to certain behaviors and personality traits--the second circuit, for example, is connected to emotional consciousness, such as intuition, feelings of courage, or, in its unbalanced state, aggression and domination, and the eighth circuit, the creative circuit of quantum consciousness, is related to limitless perception, understanding, and action that extends far beyond the limits of planet Earth. Laurent Huguelit explains how these eight levels of awareness are interconnected through feedback loops, forming a cybernetic mapping of the soul. He explores the underactive, overactive, and balanced states of each circuit, offering many psychological profiles as examples. He reveals how activating a circuit that has been neglected can help bring another into balance. Connecting this model of conscious evolution to shamanism--the oldest consciousness science known to man--the author explains how to balance and upgrade your own circuits through shamanic techniques. He reveals how to reconnect with source energy by deprogramming trauma from your childhood that can affect your circuits. With access to this unlimited energy you can activate your innate creative power to manifest your desires and shape reality. Uniting shamanism and the law of attraction with advanced concepts of modern psychology, quantum physics, and the Akashic field theory of Ervin Laszlo, Laurent Huguelit offers a practical map of human consciousness and the development of the soul as well as a vision for the cybernetic future of shamanism.
