University Press of Southern Denmark. Paperback. Book Condition: new. BRAND NEW, Emigration from Poland & the Wages for Those Who Stay Behind, Christian Dustmann, Tommaso Frattini, Anna Rosso, This paper contributes to a small but growing literature that studies the effects emigration has on the labour markets of the sending countries, focusing on Poland for the period 1998-2007. The data used is unique, in that it contains information about household members who are currently living abroad, allowing the researchers to develop region specific emigration rates, and to estimate the effect emigration has on wages, using within-region variation.
