VisualBasic .NET For Dummies

By Wallace Wang

For Dummies. Paperback. Book Condition: New. Paperback. 432 pages. Dimensions: 9.1in. x 7.3in. x 1.5in. Would you like to write Windows programs but don't know where to start? Visual Basic .NET, the latest distribution of Microsoft's programming language was designed to let anybody—even people with no prior programming experience—create sophisticated programs with stunning user interfaces, quickly and easily. A true marvel of computing technology, Visual Basic .NET combines BASIC, the only programming language specifically designed to teach beginners how to program, with a completely intuitive drawing program that lets you create cool user interfaces without having to write a single line of code. Written by computer book author and well-known stand-up comic Wallace Wang, Visual Basic .NET For Dummies offers you a fun and easy way to master VB .NET programming. Featuring crystal-clear explanations along with dozens of working examples, it gives you what you need to tap the power of Visual Basic .NET. In no time you'll: Design a user interface; Create pull-down menus; Write programs on any scale, both large and small; Debug your programs; Write your own code; Work with loops, subroutines, and decision commands; Use object-oriented techniques in your programming. Visual Basic .NET For Dummies was designed to give you the...
