Trafford Publishing, Canada, 2008. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In America, the only myths of creation and the future are those of the Native American people. What if, in the very near future, these oral teachings that we call myths become substantiated facts? Gordon-Michael Scallion's predictions are a complement to the American Indian Prophecies. Suppose they come true. If the predictions of Gordon-Michael Scallion are correct, we are about to enter a quantum leap in evolution. We are existing in a Time of Transition from 1998-2012 during which events of cataclysm and supernatural phenomenon will exist side by side. It is a time of awakening, if put into perspective, the most exciting time in the history of mankind. 2012, The Fourth Dimension is an odyssey. It is an extended adventurous wandering of five families. It is also an intellectual and spiritual quest. If you join the characters in their gatherings, you will see how the events they share have a relationship to the end of the Mayan Calendar on December 21, 2012. You will become aware of the character's daily concerns as well as real current events. Up-to-date information in the sciences is presented side by side with mythology and comparative prophecies. The book reveals information regarding our origins, our past and our future, all of which have involved inter-galactic participation. Earth, in particular, plays a monumental role in the great experiment of biological life for the entire solar system. According to Prophecy, we are in a challenging Time of Transition . If The Fourth Dimension is coming, you will want to know what it is and why supernatural abilities will soon be the norm.
