

## Mining and Metallurgy Volume 116

Filesize: 1.95 MB

### **Reviews**

*It is in a single of the best pdf. it had been writtern quite properly and beneficial. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*(Mr. Maximo Johns)*

## MINING AND METALLURGY VOLUME 116

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1916 Excerpt: .fairly what should be obtainable under normal conditions: Per Dry Short Ton Development \$0.52 Total mining cost \$2.78 These results are on the basis of a daily production of 1,000 short tons of ore and may be taken as fairly representative of the Pachuca district. In the adjoining Real del Monte district, lower costs are obtainable because the harder walls permit the adoption of the shrinkage system of stoping with consequent reduction, if not elimination, of expenditure for square-set timbering and filling. At Santa Gertrudis, for each ton of ore extracted, two-thirds of a ton of waste must be supplied and handled for filling, and 17 ft. board measure of timber used. The shrinkage system affords another important advantage in Mexico by providing a reserve of broken ore which may be drawn upon more heavily at times to make up for current deficiencies due to numerous feast days and a relatively low constancy of labor. Another important factor affecting local mining costs is the light weight of ore in place and filling ore (old fills). The former averages 13.6 cu. ft. per ton; the latter averages 17.2 cu. ft. per ton. At Santa Gertrudis, the moisture in the ore averages 5.0 per cent., and filling ores represent 65 per cent. of the total tonnage mined. A fair grade of timber is obtainable at \$20 per 1,000 ft. board measure. Other supplies, if carefully purchased in quantities, cost about the same as in a mining district in...
