Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Founders of America British War with France in 1763; it is such events as these that keep certain years memorable for good or ill. These great landmarks in the history of the Europe of our ancestors, should be celebrated as American holidays, as well as the great anniversaries that are associated with our own soil. Some of the actors in these events seem akin to us, as if they had been Americans before the discovery of the New World; and the study of their family history rewards us by proving that their blood flowed in the veins of some of those who become Founders of America. Their great ideas passing through the brains of their friends and followers, resulted in the realization in the New World of what they had merely dreamed in the Old.
