Kim shares her personal 32-year spiritual journey, a true story, filled with sorrows and joys, challenges and tears that unfolded during her marriage and life as a stepparent. The intention of the book is to provide ideas, questions, resources, and heartfelt encouragement for parents to help their special needs child or adult so they achieve their full potential and improve the overall quality of their life. Kim step-by-step describes the details of each step she took on the path and talks about the Angels that appeared just at the right time to guide and uplift her. While Kim does not have all the answers for you and your family, she knows the struggles, pains, joys and victories. Kim offers remarkable disability resources and questions for consideration for you, your family, teachers, and caregivers. Have you ever felt completely lost, confused or extremely overwhelmed about what to do next with your disabled child or adult?
