Reviews

Very good e-book and valuable one. It really is packed with knowledge and wisdom I am just very easily could possibly get a satisfaction of reading a created pdf.

(Walton Haag)

HOW TO MARKET A BOOK

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 266 pages. Dimensions: 8.9in. x 6.0in. x 0.7in. The first job of an author is, of course, to write great books, but these days, their second job is to market them. Top 5 Bestseller in Entrepreneurship, Small Business Marketing and 1 in Writing Skill Reference Marketing isn't a skill that most authors have naturally, and there is little formal training. But when your book hits the shelves, and the sales don't start rolling in, there's only two things an author can do. Keep writing more books and . . . Get to grips with marketing. This book is for authors who want to sell more books, but it's also for those writers who want to think more like an entrepreneur. It's for traditionally published authors who want to take control of their future, and for self-published authors who want to jump-start a career. There are some short-term tactics for those who want to kick up immediate sales, but the focus of the book is more about instilling values and marketing principles that will help your long-term career as a writer. It's also about going beyond just the book, because the methods in this guide can take you from being an author into professional speaking, making money from other products and creating opportunities that you can't even imagine yet. There are no rules in this game, but learning this kind of authentic marketing has certainly changed my life, so read on and I'll share everything I know with you. How To Market A Book covers an extensive range of marketing principles, strategies and tactics: Part 1: Marketing Principles - including myths, how to balance your time, co-opetition and generosity Part 2: Prerequisites for Success - including an...
