

Incredible Robots in Industry (Paperback)

By Louise Spilsbury, Richard Spilsbury

Capstone Global Library Ltd, United Kingdom, 2018. Paperback. Condition: New. Language: English . Brand New Book. Unlike people, robots can do repetitive tasks perfectly every time, without getting tired or needing breaks for food or sleep! Robots have become essential in many parts of industry. This book looks at the applications of robotic technology in factories and other areas. Real-life examples of robots at work are illustrated with colour photographs and understandable explanations of the technology behind these fascinating machines.

Reviews

Great e-book and helpful one. It usually fails to cost an excessive amount of. I discovered this publication from my dad and i encouraged this pdf to find out.

-- **Meagan Beahan**

Without doubt, this is the very best operate by any writer. This is for all those who statte that there was not a well worth reading through. I discovered this pdf from my dad and i suggested this book to find out.
